

Model Number:
SVA2008

Specification

Power supply voltage:	AC 220V or AC 110V, 50-60Hz
Power dissipation:	≤20VAe
Exchange mechanism:	Analog switch matrix
Caller ID receiving mode:	DTMF & FSK
Caller ID sending mode:	DTMF & FSK@
Type of telephone:	Dual Tone Multi-Frequency
Dial mode:	Tone frequency signal
Communications path:	7
Feed on Ext port:	DC38V 20-30mA
IC Power Supply:	±5V
Distortion:	≤10%
Ringing Voltage:	AC 70V±10% 50HZ
Internal dial tone:	380HZ Continuous square wave
Internal ring back tone:	380HZ square wave 1s on, 4s off
Internal busy tone:	380HZ square wave 0.3s on, 0.3s off
Internal verification tone:	380HZ square wave 0.3s on, 0.3s off
CO line prompt tone:	380HZ square wave 2s on, 5s off
External music interface:	input voltage rang 0.5V~2.0V
CO line tone:	depend on service provider
